It is therefore a point for consideration whether the collection of the balance (charges from 1906 up to date) has to be ordered by Govt.

Sir,

Adverting to Government Order No 11909-911 /Ml. 538-85-2 dated 19th May 1906 in the matter of getting the District Office Compound cleared by the Municipal Agency and assessing the cost thereof among the several offices and Courts located in the building, I have the honor to state that an immediate reference was made to the District Judge, Bangalore, to pay regularly every month Re. 6/- which formed the proportionate assessment that fell to his share to meet the total cost of Re, 1d/- a month

2 As no demand was made subsequently to this by the Municipality for payment of the cost till June 1913, neither any provision was made in the Budget Allotments to meet the cost nor attempt made to collect the same from the several offices concerned to effect payment From June 1913 monthly bills were being received regularly but no payment was insisted upon.

3 Now all of a sudden the Municipality have sent demand for Rs 96/- being arrears of the cost of the above establishment for 8 months and propose to stop further service by the Municipal Agency unless the said amount of Rs, 96/- was adjusted before the end of the current month

4 As this large amount cannot at present be paid out of the small contingency still available in the current year's sanctioned allotment, the moity of the same has to be collected from the District Judge, Bangalore I request that the Municipality may be directed to continue the conservancy as hitherto before and to receive from the next year after provision is made therefor in the next year's budget

5

5 To meet t e bills for the current year and those for the next year, I request that Provision for the additional sum of Rs 300/- at Rs 12/- per mensem for two years included in the Budget Estimate for the next year under " 17 Contingencies, Office expenses " and the same intimated to the Comptroller for assessment on the s several offices located in the building and adjustment

During November 1913 the Deputy Commissioner wrote that he was unable to trace out in his office the various references from the Municipality prior to September 1913 and requested to be informed, when the Municipality was requisitioned to depute men towards cleansing the compound, and in December 1913 called for a copy of the Government order entitling the Municipality for conservancy charges. These items of information were furnished forthwith but no reply having been received by the 3rd week of January 1914, the Municipality was constrained to inform the Deputy Commissioner that in the event of the amounts not being adjusted by the end of the month, service through Municipal agency would be discontinued. The men were accordingly withdrawn on the 13th February 1914 after sufficient warning.
